Before using this product, read the entire label, including the conditions of sale. Direct contact with eyes may cause mild, transitory irritation with local redness. Ingestion may cause irritation of mouth, throat and stomach with possible nausea and vomiting.

STATEMENT OF PRACTICAL TREATMENT

If Ingested: No harmful effects expected.

If In Eyes: Flush with water for at least 15 minutes and call a physician.

If On Skin: Wash with large amounts of soap and water. If irritation persists, consult a physician.

If Inhaled: No harmful effects expected. Remove to fresh air. Start artificial respiration if necessary.

Oxygen may be administered call a physician.

GENERAL INFORMATION: **GUNDOWN MAX** is formulated to aggressively neutralize foam in all pesticide and/or fertilizer tank mixes regardless of spray solution pH. Unlike ordinary defoamers, **GUNDOWN MAX's** unique blend of formulation aids and emulsifiers will not precipitate in low pH spray solutions, making it ideal for use with all glyphosate formulations.

DIRECTIONS FOR USE: FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, AQUATIC, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, ORNAMENTAL, RIGHTS-OF-WAY, TURF AND OTHER APPROPRIATE USES.

SHAKE WELL BEFORE USE: **GUNDOWN MAX's** unique formulation offers three options to eliminate foam:

ANTIFOAM

Use **GUNDOWN MAX** to prevent foam formation by adding it to the spray solution first, while agitating, and before adding pesticides.

GENERAL DEFOAMER

Use **GUNDOWN MAX** as a general defoamer by adding it to the spray solution during agitation while foam formation is active.

SPOT DEFOAMING

Use **GUNDOWN MAX** through its trigger sprayer applicator to take out established foam.

USE RATES & MIXING

METHOD	USE RATE PER 100 GAL SOLUTION	RECOMMENDATIONS
Antifoam	1-2 ounces	Add entire volume of GUNDOWN MAX needed for load when tank is 1/4 full
General	2-4 ounces	Add to spray solution at point of Defoamer greatest agitation
Spot	N/A	Apply by misting over established Defoaming foam until needed results are achieved

STORAGE AND DISPOSAL

Noncombustible. Store in original container only. Protect product from freezing. Prevent water from being introduced into the contents of this package. Do not reuse this container and dispose of it in accordance with state, local and federal regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller of or any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
